APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to the rights of all prior users which are in good standing at this date, and particularly subject to the right of Thomas I. Post, under Application No. 1746 for 1.6 cubic feet of water per second, when required for Beneficial purposes. Also the right of the Crystal Bullfrog Mining Company for one cubic foot of water per second when actually required by said Company for Beneficial purposes, as obtained by their predecessors in interest under Permit No. 20, issued from this office. The quantity of water developed shall be the basis and extent of right depending upon Beneficial Use, not to exceed 25 second feet of water.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed (25) cubic feet per second.

Actual construction work shall begin on or before May 25th, 1912.

Proof of commencement of work shall be filed before June 25th, 1912.

Work must be prosecuted with reasonable diligence and be completed on or before May 25th, 1913.

Application of water to beneficial use shall be made on or before September 30th, 1917.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before October 30th, 1917.

WITNESS MY HAND AND SEAL this 5th. day of March, 1912.

Cancelled because of failure to file

proof of commencement of work
